FRENCH GOES ON TRIAL FOR 3 CAR DEATHS

Trial is scheduled to start this afternoon in Adams County court on charges of involuntary manslaughter, driving while under the influence of intoxicants and failure to yield one-half the highway brought against Joseph F. French, 118 W. High St., following an auto accident March 24 in which three members of a Littlestown family were fatally injured.

District Attorney Daniel E. Teeter said at noon today that the trial has been set to begin following the charge to be given to the jury at 1:30 o'clock this afternoon in the case against Roosevelt Hylton, 104 S. Queen St., Littlestown.

Hylton is charged with contributing to the delinquency of minors and furnishing intoxicants to minors. Last November 12, according to testimony of two teenagers, Hylton and two other men said the youths had been at the Hylton apartment, talked awhile and left. After the youths left, a bottle of wine was found missing, according to the men.

HIS SECOND TRIAL

The case had previously been heard by county jury which resulted in a "hung jury," thus requiring a new trial.

Hylton's trial followed trial of Robert D. "Preacher" Jackson, 256 S. Washington St., charged with receiving stolen goods by purchasing for \$2 a carton of cigarettes from Calvin Green Jr., Gettysburg R. D. Green had pleaded guilty to stealing two cartons of cigarettes from the (Continued On Page 3)

Gettysburg College Starts Research Center On Chinese Art; Seeks County Material

A research center for Chinese art is being established at Gettysburg College under the supervision of Dr. Frank H. Kramer, emeritus professor of education and an ardent art collector, assisted by art students at the local institution.

"There is a real need for such a research center and considerable progress has been made thus far," Dr. Kramer told The Times today.

The task underway is to make a list of all the books on Chinese art and things Chinese in Gettysburg and Adams County so that all this information will be available to those who are interested in these subjects, Dr. Kramer explained.

"It is not the intention of the college to attempt to secure these books, but to know where they are so that we can direct researchers to those who have these books," he added. "By having a paper on each topic it will simplify their work because they will not have to delve through a number of volumes to find the information they are looking for."

HAVE MANY BOOKS

The center has accumulated several hundred books for use of researchers but more information is being sought and it is believed that some of this information is to be found in this area, hence the appeal for information on these subjects.

Among the information here is all the data in English on 20 topics of Chinese art.

Dr. Kramer elaborated further: "Some years ago the Baltimore Library had a request for some information on the 24 Filial Pieties of the Chinese. They could find nothing in English on the topic, yet every Chinese is brought up on those. Dr. Chao Ming Chen, who is a noted Chinese scholar, and who has been my teacher in things Chinese (because they are not in English) (Continued On Page 3)

Geneva Conference Hinges On Cease-Fire Rule In Laos

By CARL HARTMAN

GENEVA (AP) — Word was awaited today on whether the guns in Laos are silent so that the international conference on the Southeast Asian kingdom's future can begin on schedule Friday.

U.S. Secretary of State Dean Rusk, arriving Wednesday night, said he would take part in the conference only "if information from Laos permits it."

Britain and France also agreed there should be no talking at the U.N. Palace of Nations here if shooting is still going on in the Laotian jungles.

Britain was hopeful, however, that before Friday afternoon the three-nation truce commission in Laos would send word that an effective cease-fire existed between government and pro-Communist forces.

Ask Help For Black's Family

A public appeal was made today for help for the widow and eight young children of Waybright Black Jr., 36-year-old sawmill operator and farmer who drowned last Saturday while fishing in the Potomac River.

Black's fishing companions, Richard Pitzer, Thomas Cline and Donald Taylor, initiated the appeal and said the Red Cross office here, Hoffman's Store in Bendersville and Sheaffer's Store in Brysonia will receive donations for the Black family. Food, clothing and money are needed urgently, the men said.

The children range in age from a five-week-old baby to a 14-year-old.

Mr. Black's body has not been recovered. He lost his footing and fell into the swollen waters of the Potomac. Efforts of his companions to rescue him were in vain.

GOVERNOR IS PETITIONED TO BACK NEW BILL

The auxiliary of the Warner Hospital has forwarded to Governor David L. Lawrence a petition bearing 478 names urging him to submit legislation implementing the Kerr-Mills Bill for medical care for the aged.

Mrs. James Allison, president of the auxiliary, in a letter to the governor accompanying the petition said the auxiliary through its efforts on behalf of the hospital was aware of the financial problem posed by free medical care and asked the governor to urge legislation which would give full cost reimbursement for care given by the hospital to the needy aged.

Walter Dillon, administrator of the hospital, said the Kerr-Mills Bill provides federal matching funds to give full cost reimbursement to hospitals for care given needy persons aged 65 or over.

HOSPITAL LOSES MONEY

At the present time the state provides \$10 a day reimbursement which Dillon said is about \$15 under the actual cost.

Last year, he said, the local hospital provided \$44,000 worth of care for charity patients and received \$18,000 reimbursement from the state.

He said that at the present time Pennsylvania has not taken action to implement the Kerr-Mills Bill and as a result the Commonwealth receives none of the federal matching funds provided under the bill. He said estimates are that Pennsylvania hospitals are losing \$800,000 a month because of failure of the state to provide the enabling legislation which would permit the state to receive the federal matching funds.

Gen. Eisenhower, Former Cabinet Members Confer This Afternoon

Former President Dwight D. Eisenhower entertained some of his former cabinet members and other officials who served during his eight-year administration at a luncheon conference in his offices here today.

"General Eisenhower is getting together a group of men who are familiar with what is happening in the nation and world," former Postmaster General Arthur E. Summerfield said in an earlier interview.

"The general is getting together a group of men who are familiar with what is happening in the nation and world," Summerfield said in an interview. "These men have much knowledge valuable to the country that ought not be permitted just to seep down through the floor."

"In my recent travels I have found there is tremendous interest among the people on where we stand and where we are going. In cooperation with President Eisenhower I think we can contribute to some enlightenment on their part."

Summerfield, who helped plan the meeting, said he expected the discussion to cover the whole range of domestic and world affairs.

The former President planned to discuss ways of strengthening the Republican party and to make its policies and views felt during Democratic occupancy of the White House. GOP National Chairman Thruston B. Morton planned a report on where the party stands now.

The unique meeting apparently signaled Eisenhower's intention to maintain close liaison with the men, now scattered in all sections of the country, who helped him in his eight years as president to plot the course he thinks his party should continue to follow.

This was in line with his expressed intention to continue to (Continued On Page 3)

COUNTY AGENT TALKS ABOUT TWP. PLANNING

Cumberland Twp. "didn't solve its problem by filing a protest stopping zoning for two years. It merely postponed acting on the problem." Howard Waybright told 48 gathered Wednesday night at a Cumberland Twp. Citizens' Committee meeting in the Barlow Fire Hall.

At the meeting County Farm Agent Frank Zettle and Extension Program Consultant Wesley Kriebel presented results of their studies of what has occurred elsewhere as a result of the population "explosion" and the growth of suburban development.

They said 30 Pennsylvania counties have planning commissions as do 240 second class townships, such as Cumberland, and said their studies show that "more growth is coming and unplanned growth is more expensive than planned growth. But it is up to the people of a community whether they want to plan ahead and have an orderly development to their area or whether they want to permit development to proceed as it will, without any controls. There is one thing about controls, they mean a surrender of some freedoms and someone generally gets hurt. The question to be answered by the people is whether they can afford unplanned growth, which also means frequently that someone will get hurt by undesirable growth upsetting the tax structure and in individual cases lowering the value of real estate."

SOME OPPOSITION

The meeting disclosed some opposition to the action of the Citizens' Committee in filing "written protests" Monday which will stop zoning in the township for the next two years.

Mrs. S. A. Burton asked Citizens Committee Vice President Kenneth Dick, "Who authorized the filing of those petitions when we were told they would not be filed? I know a number of people signed it only on my assurance that they were not to be filed, but were to be held to get the controls we want for the township. If they had thought that we weren't going to get any controls, they would not have signed it."

Vice President Dick replied: "I don't know, I wasn't consulted." Another director, Fred Nimtz, said he was not notified.

Attorney Ronald Hagerman said the Citizens' Committee Chairman Fred Green and five directors ap- (Continued On Page 3)

BOARD MEETS ON WEDNESDAY

The annual sale of Easter Seals and the "Buck-a-Cup" coffee day brought in to the Adams County Crippled Children's Society a total of \$3,271.27 with some coin containers yet to be reported, members of the board of directors of the society were told at their May meeting Wednesday afternoon at the Methodist Church.

The report of Mrs. Edgar K. Markley, seal sale chairman, showed that the annual seal sale conducted by mail brought in \$2,875.

The report of the treasurer showed the society recently spent \$240 for an artificial leg for a canteen, bought shoes costing \$21 and provided transportation to hospitals and clinics at a total cost of \$31. A \$52 contribution also was made to the state-operated Camp Lend-A-Hand, near Harrisburg.

Mrs. Richard Livingston, New Oxford, was elected as the board's representative on the board of directors of the state crippled children's society.

Attorney Edward B. Bulleit, reporting for the budget committee, submitted a \$3,500 budget for the fiscal year opening September 1 with \$1,925 earmarked for purchase of shoes, braces, aids and appliances and for providing summer camping for crippled children. It designates \$1,100 for the state and national organizations to be used for programs at those levels and for research and education. Fund raising and operating costs account for most of the rest of the \$3,500. The budget was adopted. The president, the Rev. Amos D. Meyers, presided at the meeting. State nurses were in York for a meeting and unable to attend to present their reports on cases under care.

2 MORE HEADS OF COMPANIES WILL TESTIFY

WASHINGTON (AP) — Senate anti-trust investigators today ask the presidents of two of the smaller firms in the electrical equipment industry for information about price-fixing activities.

Scheduled to testify were Fred Look, president of Allen-Bradley Co. of Milwaukee, and Max Scott, president of the I-T-E Circuit Breaker Co. of Philadelphia.

Earlier this year 29 companies and 45 individuals were fined nearly \$2 million by a federal judge in Philadelphia after pleading guilty or no contest to charges of fixing prices on heavy electrical equipment. Seven officials were sentenced to 30 days in jail.

Look was fined \$7,500. Scott was not indicted in the case, but his company paid fines totaling \$92,500.

The Senate Antitrust and Monopoly Subcommittee is trying to find out more about the illegal activities and the responsibility for them.

DID ATTEND MEETINGS

Nye Spencer, an official of the I-T-E Circuit Breaker Co., testified Wednesday he had attended price-fixing meetings with competitors between November, 1958, and September, 1960.

Switchgear sales manager at the time, Spencer said he had acted on instructions that he believed came down to him from Harry Buck, executive vice president of the company.

He said the meetings followed a price war and represented an attempt "to bring prices back to a reasonable level — not to pad prices for excessive profits."

Two top officials of the Westinghouse Electric Corp., John K. Hodnette and A. C. Monteith, testified they knew nothing about any company employees participating in price-fixing sessions with competitors prior to a grand jury investigation in the fall of 1959.

3RD EURASIAN DINNER HELD AT HI SCHOOL

With tables decorated with flags and dolls of foreign lands, the third annual Eurasian dinner was held at the Gettysburg High School cafeteria with 160 in attendance for the three-hour program.

Attending were the combined Seventh Grade section taught by Mrs. Charles A. Smith, chairman of the Seventh Grade Integrated program, and Mrs. Richard Martin.

Guests included Superintendent H. Edgar Riegle, High School Principal Clifford B. Snowberger; his assistant, Paul Mehling; other high school teachers connected with the Seventh Grade course of study, Miss Louise Ramer and the foreign students currently attending the high school and the Lincoln School student teachers.

FOREIGN FLAVOR

Before the buffet style meal was served there was a parade of costumes from France, Germany, Scandinavia, Afghanistan, India, Japan and other countries. Student committees prepared the program, menu, invitations and decorations.

The annual event was initiated two years ago as an outgrowth of the study of foreign countries and cultures by Mrs. Smith's sections. Last year Mrs. Martin joined in the dinner with her sections.

Mediterranean grape juice as the appetizer was followed by salads from a half dozen countries, cheeses, vegetables, meats and a score of desserts typical of countries of Europe and Asia.

After the dinner there were Swiss dances, a puppet show by David Neth and Jeffrey Dengler, a Scotch hop and music of Poland, Japan, Scotland, Israel, France and Germany by Angela Slegel, Angela Teeter, Karen Schubert, Ronald Shultz, Carol Codori and Brenda Liss. Diane Kargas and Phyllis Ackley sang "Faraway Places" and the program concluded with selections by a German band of students.

Payment Deficit Best In 4 Years

WASHINGTON (AP)—The U.S. balance of payments deficit dropped sharply during the first three months of this year for the best quarterly showing in four years.

The Commerce Department said on Wednesday the deficit—representing the difference between the amount Americans spend, invest and give away abroad and what foreigners spend and invest in the United States—dipped in the first quarter to an annual rate of about a billion dollars.

A record deficit last year of \$3.8 billion led to a run on American gold.

print), is well known in Baltimore and often called upon for information on things Chinese. The library called him and told him their plight and asked if he would write down the 24 Filial Piety with some explanation. He did and sent me a copy for our college library, which meant that the Baltimore Library and Gettysburg College Library were the only two places in the U.S. where one could get this information in English.

CHINESE TEAR BOTTLES

"One somewhat disheartening topic was Chinese Tear Bottles. There were five in our collection which are now in the library. I hunted for years and found nothing but did not keep a record of my searches. So one of the students undertook the job and did very much work, with only a paragraph to show for getting real information but his list of books, etc., which rendered nothing, is very large.

"One of the students is compiling a list of all the books on China and Chinese art available in Adams County. There are a few of us in the county who have a considerable number of books on the subject and to get them all on one list will save a lot of time hunting.

HAVE EIGHT IMMORTALS

"We now have all the information available in English on the Eight Immortals of the Taoist religion.

"Some of the students have had to go to the Princeton Oriental Art Library, some to Yale, some to the University of Pennsylvania and to the Carnegie and the New York City libraries. Some have read much and found little.

"I feel quite certain that there is in Adams County (and communities nearby) some material on China which might be of help sometime, and if we knew it, it would save much traveling. Some of the books were printed in Shanghai and are now out of print. Most people would not object to having a student read any books they may have."

NIXON IS ABSENT

Former Vice President Richard M. Nixon, who Eisenhower has called the titular head of the GOP, was invited to the meeting but had to decline because he is attending a dinner in his honor in San Francisco tonight.

Oveta Culp Hobby, former head of the WAC and secretary of health, welfare and education, also had to decline the invitation due to previous commitments.

Eisenhower has called on Republicans to support President Kennedy in world crises. He has said specifically that the country is firmly behind the Democratic President in "his effort to prevent the solidifying of a Communist stronghold in the Western Hemisphere," meaning Cuba.

The guests arrived in twos and threes during the morning but at noon three had not arrived. Several came early. They were due to fly here early this afternoon. They are: George W. Humphrey, James P. Mitchell and Senator Thurston B. Morton, chairman of the Republican National Committee.

Photographers, in groups of four, were admitted to the offices before noon to take photographs. Sound cameramen were to have an opportunity to get their pictures at 2:30 o'clock this afternoon.

Others at the luncheon-conference, in addition those mentioned above, are:

Ezra Taft Benson, Fred Seaton, William P. Rogers, Frederick Mueller, Charles E. Wilson, Leo A. Hoegh, Joseph N. Dodge, Percy Brundage, Clarence B. Randall, James J. Wadsworth, Sinclair Weeks, Lewis E. Strauss, Maurice H. Stans, Philip Young, Gordon Gray, Bryce N. Harlow and the former President's son, Lt. Col. John Eisenhower.

peared in his office Monday morning and said they were ready to file the petitions for the Citizens' Committee. Paul Waybright, one of the directors present Monday when the petitions were filed, said President Green had told him that he had contacted as many of the directors of the Citizens' Committee as he could and that they had agreed to file "written protest" then. Several other directors present said they had been contacted and had given agreement.

NEED BYLAWS

Lycurgus Long, one of the directors, said President Green is calling a meeting of the 17 directors next week and "this can be all straightened out then."

Mrs. Burton said the committee should have some bylaws. Attorney Hagerman said he "suggested bylaws four times. I'm getting tired of talking about it." Long said: "I think we need them."

Assemblyman Francis Worley reported on a bill he had submitted to the state legislature Monday "at the request of four of your citizens of Cumberland Twp." which would provide for a referendum in second class townships before zoning could be considered by the supervisors.

TO AMEND BILL

Worley received a vote of 39 to 1 in favor of the referendum bill from those present at Wednesday's meeting. He said that when the bill at present provides that when a referendum shows a majority opposed to zoning no action can be taken for five years, when another referendum may be held.

On a show of hands most voted for a two instead of a five-year delay in event a referendum opposes zoning. Worley said he will amend the bill.

Nimtz asked whether some law might be passed by which the federal government would pay the township "maybe 50 per cent" of the taxes on land owned by the government on which taxes are not now paid.

MUST SET GOALS

In the last 10 years Cumberland increased its population by 924 or 45 per cent. Zettle said, adding that during the last decade the township has had an increase "of an average of 27 houses a year."

He also said that "the National Park is a resource of Cumberland Twp. and unlike mineral resources is not subject to depletion. I think it is only recently that many of us are beginning to understand what a great resource it is to the township and entire area."

Zettle and Kriebel both stressed that "planning is not zoning. Planning is the important step, to find out what you have and what you want to do with it. Put the results of your planning down on paper. Then decide what you want to do about implementing those plans. The first requirement is to have public opinion solidly back of it. If you have that, you have accomplished much toward getting what you want. Then you can take whatever other steps are necessary to get what you want, that may mean various township codes, or zoning, depending on what you want to accomplish."

At the present time two paid men operate the Quick Call System 18 hours daily, with firemen volunteering to fill the remainder of the period. Today's Talk

BETTER AND BETTER

What a change comes over
one when he whispers to himself
that he getting better and better
each day of fleeing life.The little plant of aspiration
is the most important flower we
can plant in our consciousness.
If we don't want to grow bet-
ter, greater, more useful, and
stronger in every way, there is
no need to worry one way or the
other—we won't.But no man ever desired to be
more than he is who didn't be-
come better and more capable!
One must start by wanting to
excel in one thing. Growth then
becomes contagious and we
want to be better in many things
and ways.No matter how great the mus-
ician, artist, or writer may be at
his instrument, easel, or desk,
he strives ever to better himself.
It isn't necessary to pay atten-
tion to someone else who
does the thing we do, we must
pay attention to what we do.The strong man once was
comparative weak. Day by day
he patiently strengthened his
growth threads until they be-
came as cables.Simple statements and simple
facts do the most talking.The profound thinkers are not
those whose words live longest.
He who touches the most simple
suggestions that lodge in peo-
ple's hearts is most loved and
longest remembered. The New
Testament has no equal beside
all the books of the world for
simplicity and beauty of thought
or expression. This is why it
lives and is loved.So, if you would grow, do the
simple things better and better.
Never let big thoughts or ques-
tions confuse you. Break them
up into their smallest parts.
Then master each part.The habit of growing better
and better can become second
nature.Tomorrow Mr. Adams will talk
on the subject: "You Have Some-
thing"Presented, 1961, by The George
Matthew Adams Service

Shepard is entitled to an extra
\$230 a month. He has to fly four

1959 MURDERMOUNT HOLLY, N.J. (AP)—A
puzzling police investigation
that began a year ago with two
pieces of an alleged murder gun
has led to the arrest of a Marlon
Manor man on charges of mur-
dering his best friend.Theodore F. Wurster, 33,
cleared in a previous investi-
gation, was charged Wednesday
with the fatal shooting of Frank
Egner, 41, a Maple Shade local
and die maker in April 1959.State Police Detective Lt. Harry
Armano said Wurster confessed to
the slaying, telling police:
"All right, it's been on my con-
science."Wurster entered a plea of inno-
cent later at his arraignment on
the charge before Burlington
County Municipal Judge Oliver
Bowen. He waived his right to be
represented by a lawyer at the
hearing.Armano quoted Wurster as say-
ing he killed Egner after Egner
claimed he was going to have re-
lations with Wurster's wife.The lieutenant said Wurster ad-
mitted killing Egner with a 22-
caliber automatic revolver and
then breaking the gun into four
pieces and abandoning them in
different places.Wurster was identified in a po-
lice lineup by a salesman, Lewis
Peterson, as the man who pur-
chased the gun at the Elkton,
Md., store where Peterson
worked.Egner and his wife were to dine
with the Wursters the night of
the shooting, Mrs. Egner told police.ARREST ALL
MALE NEGROES
AFTER CURFEWODESSA, Tex. (AP)— Police
Wednesday night arrested every
Negro male between the ages of
17 and 20 they found on the
streets of this West Texas city
for investigation in the rape of
a white girl while her terrified
sister lay in the same bed.Police Capt. Fred E. Johnson
said the 19-year-old victim viewed
the 53 youths arrested Wednesday
night and was unable to identify
any of them as the man who
raped her while he held a knife
to her throat early Wednesday.
They were released early today.Thirty-two other Negroes in the
same age group were arrested
Wednesday afternoon and re-
leased when the girl failed to
identify any of them as her at-
tacker.

NO CHARGES FILED

Johnson said no charges were
filed and all the youths arrested
were booked for investigation.
Some of them had records of rape
he said, and the others were
known to police to be either crimi-
nals or to have hung around with
criminals.Odessa has a population of 80,
000, including several thousand
Negroes.Johnson said police think the
masked Negro who raped the girl
is the same man who earlier
Wednesday morning attacked a
50-year-old woman in her house
trailer and fled when the wom-
an's daughter screamed."I don't want to hurt you," the
19-year-old girl quoted her attack-
er as saying. She said he held a
knife to her throat while he
forced her to undress and then
raped her. Doctors confirmed she
had been raped.The victim's 15-year-old sister
said she was awakened by the
conversation and saw the knife in
the man's hand. She said she
pulled the covers over her head
and pretended to be asleep until
the man left.afterward that her husband had
received a mysterious telephone
call and left the house telling her:
"I'm going to help somebody. I'll
be back in an hour."After the slaying, Wurster was
held for a time as a material wit-
ness.STANLEY WARNER

COMPLETED 2 GAMES

He said that shortly before the Pittsburgh game "I was swinging a bat. I felt something pulling. Then later the arm started stiffening."

Podres, who has a 14-12 record and a 3.08 ERA last year, said that since the first two games "the club has scored a lot of runs for me and it makes it easier."

"I can throw more slow curves and change-ups and I don't have to go to the fast ball as often. But last night I was getting everything over and anytime I wanted to throw a strike I did. That's the main thing."

For the Phillies it was their ninth straight loss as the Dodgers' Ron Fairly provided the batting punch by driving in four runs with a three-run homer and a triple.

CARTER WINS MASTERS ABC

DETROIT (AP)—If Don Carter wins the \$75,000 Professional Bowlers' Association Invitational Tournament that opens today in Paramus, N.J., they'll have to invent new worlds for him to conquer.

The 34-year-old St. Louis ace Wednesday night won the one major title that had eluded him—the American Bowling Congress masters championship.

"This is the one I wanted," said mild-mannered Don after defeating Dick Hoover of St. Louis, 888-826, in four games for the crown in a sensational battle.

Carter, five times "bowler of the year," had won the National All-Star Tournament four times, the World's Invitational three times and the first PBA Open last fall.

But he never had been able to win the masters, a special event for the country's top bowlers inaugurated 11 years ago in St. Paul.

The \$2,820 Carter won is a masters record. He received \$2,500 for first place and \$320 for eight match victories.

Carter is a favorite to win the top prize of \$15,000 in the Paramount tournament.

BELL WINS HIS 1ST; TIGERS RETAIN LEAD

By ED WILKS

The Cleveland Indians exploded for six runs in the 11th inning for an 8-2 victory over the Chicago White Sox Wednesday night, giving righthander Gary Bell his first victory after losing seven in a row, four this season. Detroit retained a three-game lead in the American League by beating Washington 7-1 while second place New York defeated Kansas City 9-4.

Minnesota tied Cleveland and Baltimore for third by belting the Orioles 10-6, and Boston defeated the Los Angeles Angels 3-2.

Bell, a 16-game winner for the Tribe in 1959, took over the AL strikeout lead with 33 by fanning eight. He walked four and gave up seven hits, blanking the White Sox after Roy Siever's solo seventh homer tied it 2-2 in the fourth inning.

The Indians, who scored on Vic Power's home run in the second and added an unearned marker in the fourth against starter Bob Shaw, broke loose for the big six in the 11th against reliever Frank Baumann (1-2).

Detroit made it seven out of eight behind the five-hit pitching of Jim Bunning (2-2). The slim right-hander also singled home the clincher when the Tigers broke out for four runs in the second against Ed Hobaugh (1-2).

Tex Clevenger (3-1), winning in his first appearance with the Yankees since Monday's trade with the Angels, banked the A's with four innings of one-hit relief after they tied it 4-4 in the seventh against starter Ralph Terry. The Yankees broke it up with five runs in the eighth, with Elston Howard's double beating Bud Daley (3-4). Norm Siebern homered for the A's.

Minnesota shelled Baltimore starter Dick Hall (1-1) in a nine-run second inning. Harmon Killebrew and Billy Gardner each hit three-run homers and Zoilo Versalles hit a solo homer. Jerry Adair drove in four runs for Baltimore, three on a pair of homers.

The Red Sox were held hitless for five innings at Los Angeles, then crashed through for three runs in the sixth against Ron Moeller (0-2). Winning pitcher was Tom Brewer (3-2).

GIANTS EDGE PIRATES IN HURLING DUEL

By ED WILKS
Associated Press Sports Writer

Lift-hander Mike McCormick pitched his second three-hit shut-out of the season Wednesday night as San Francisco, also held to three singles, beat Pittsburgh 3-0 and retained a one-game lead in the National League race. The Giants bunched their hits for all their runs with two out in the fifth—the only inning they put a man on base.

Unbeaten southpaw Johnny Podres became the first to win five in the majors, blanking Philadelphia on five hits for a 6-0 victory by second place Los Angeles.

Cincinnati won its ninth in a row, beating St. Louis 3-2, and Milwaukee edged the Chicago Cubs 3-2.

ERROR PAVED WAY
An error by Pirate third baseman Don Hoak gave the Giants the big break after McCormick (3-1) and loser Bob Friend (4-2) had duelled through four innings of perfect pitching. Felipe Alou beat out a roller to third, and when Hoak's throw to first was wild, Alou went to second. That left first open and Friend walked Ed Bailey intentionally. Jose Pagan followed with a run-scoring single and when center fielder Bill Verdon bobbled the hit, Bailey went to third and Pagan took second. McCormick brought them in with a single.

WIN FOUR IN A ROW
The Dodgers, winning four in a row for the first time this season, beat Frank Sullivan (1-3). Podres, still unbeaten, gave up nothing but singles.

A two-run homer by Vada Pinson in the first inning and an RBI single by Chico Cardenas in the third beat Curt Simmons (1-2) for the Reds. Bill Henry saved it for Joey Jay (2-3) in the ninth against four pinch-hitters.

The Braves handed Cub relief ace Don Elston (4-1) his first defeat on a bases-loaded error by second baseman Don Zimmer that let in the tie-breaking run

Report Survivors Of Cuban Invasion Are Held By U.S.

Editor's Note—For 16 days during and after the anti-Castro invasion of Cuba, AP reporter Ben Price worked in the sensitive listening post of Guantanamo Bay Naval Base. The following account, based on his findings there and elsewhere, sheds light on some intriguing problems in the disaster's aftermath.

By BEN PRICE

WASHINGTON (AP)—There is reason to believe that the United States is holding survivors of the Cuban invasion forces incommunicado—prisoners, if you will—on a Caribbean island.

And there is evidence that the U.S. troubles with communism in Central and South America are just beginning.

The first rumor about the U.S.-held survivors of the invasion, some of whom reportedly are wounded, reached the U.S. naval base at Guantanamo Bay soon after the military effort collapsed.

GOOD GRAPEVINE
The grapevine there is so efficient that reports of activities in Havana, 600 miles west, sometimes reach the base before they are broadcast by the Castro regime.

Within hours after the grapevine report of U.S.-held survivors reached the base, the Castro captives from the abortive invasion—who were being interrogated in Havana on television—began talking of a particular island, Vieques. They said they had been trained for the invasion at the U.S. Marine base at Vieques, which is just a 30-minute helicopter ride from San Juan, Puerto Rico.

BARRED TO REPORTER
While the rumor about the Vieques prisoners was seeping into Guantanamo, it was also circulating in San Juan and New York.

A Navy officer talked by radio to the naval station at San Juan, asking if newsmen wanting to check on the rumors could be admitted to Vieques.

The answer was that no one would be admitted to the base.

NEW ROCHELLE, N. Y. (AP)—"Every one is writing books these days," said Frankie Frisch, the old Fordham Flash who played 2,311 National League games and batted .316 over that long haul. "Think I'll write a book with Roy Stockton, former sports editor of the St. Louis Post-Dispatch."

Frisch, now 62, formerly managed the Cardinals, Pirates and Cubs.

Sports' Book At Library

BASEBALL

By Mrs. W. R. Schubart

In spring the American man's fancy lightly turns to thoughts of baseball, and he can prepare for the season with many books from the Adams County Public Library.

Young men can go further than swapping bubble gum picture cards by reading the biographies and autobiographies of their sports heroes. Upstairs in the teen-age room of the library are the Sal Maglie Story and Jackie Robinson of the Brooklyn Dodgers, both by Milton Shapiro, and Mr. Ump, by Babe Pinelli. Willie Mays, of whom it has been said, "He strikes out beautifully," relates his own experiences in Born to Play Ball. Mays has this philosophical advice to give: "Relaxation is, I think, the one key to going good in baseball—in most other things, too."

In Connie Mack's Baseball Book, the greatest all-time manager emphasizes the tremendous effort involved in learning to be a good player. He quotes a famous player who once said the game should refer to not "playing ball" but "working ball." There is also the book Baseball Rookies Who Make

Good, giving sketches of all the greats from Babe Ruth to Jackie Robinson.

Besides these real and personal accounts are many novels for young readers such as: Squeeze Play, World Series, by John R. Tunis, and Base Burglar, by J. V. Scholz.

Those who want to study the game seriously can select How To Play Big League Baseball which has complete play instructions for every position (for instance, a chapter on "How To Catch" by Roy Campanella); How To Make The Varsity, and The Real Book About Baseball. Carl Stotz, the man who founded Little League, has written one called At Bat With The Little League.

Older baseball buffs will enjoy The Washington Senators, by Shirley Povich, the well-known columnist and former sports editor of the Washington Post; The Brooklyn Dodgers by Frank Graham, who has written many books on baseball; Baseball's Famous First Basemen by Ira L. Smith, covering the year from 1871 to 1956; and The Story of the World Series. The Yankees is all pictures about that team, and includes many excellent unposed ones of high moments in the ball park.

How To Pitch by Bob Feller is as much illustration as reading. My Baseball Diary is James T. Farrell's (the famous writer) af-

Sues Police For Dog Sufferings

OKLAHOMA CITY (AP)—The Midwest City police department has been named in a \$1,500 suit which alleges a dog named Pierre suffered such damages as a severe cold, watery eyes and the scourge of all dogdom—fleas. Pierre is the pet poodle of Elaine Owens, 36.

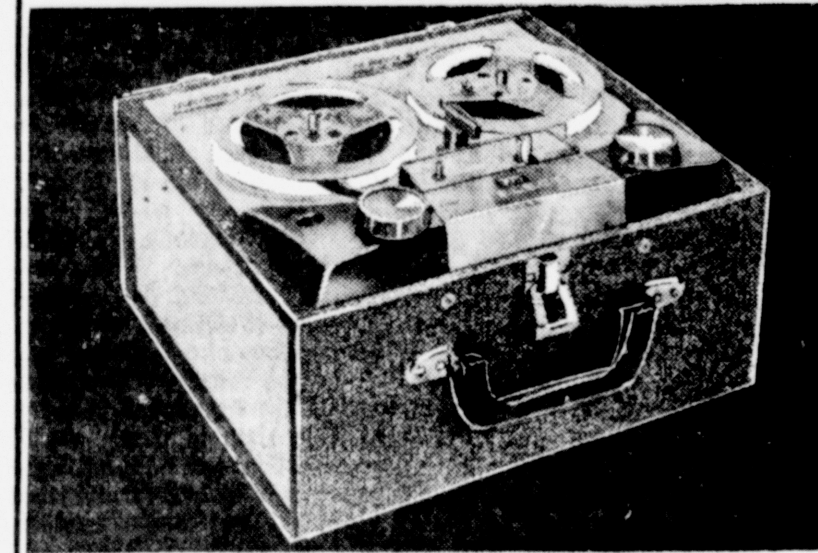

The girl's father, Chester G. Owens, filed the suit in district court in behalf of his daughter.

It claims the dog "suffered damages after being picked up by a Midwest City policeman and placed in a common pen with other mutts."

Sectionate account, including small sections reprinted from his novels. And for those who are sponsoring the young players, there are two copies of The Official Encyclopedia of Little League Baseball, which contains chapters on "Training Techniques" and "Umpiring."

Strangely enough, baseball enthusiasts are given to memorizing statistics. All they can absorb are to be found in the Official Encyclopedia of Baseball, the 1956 edition, plus complete rules, playing hints, and a history of the game. However this book is on the reference shelf, and cannot be removed from the library.

Doctor's Eyes Save Vision Of 2 In South

JACKSONVILLE, Fla. (AP) — The eyes of a Boston doctor may give sight to two Jacksonville residents—a Negro store clerk and a German war bride.

Sam Dawson Jr., 35, an injury victim, was scheduled to undergo a corneal transplant today.

The woman, whom physicians declined to name, got a transplant Wednesday. She was given an excellent chance to regain sight in the eye.

Corneal tissue from the eyes of Dr. Edward C. Sweebee were flown five hours after his death to Jacksonville for the operations.

Sweebee, 32, a Waukegan, Ill., native, devoted his medical career to saving eyesight. He directed that his eyes be given after death to the eye bank of Massachusetts General Hospital Eye and Ear Infirmary.

Social Security

Q. I am 45 years old and single. Nine months ago, I was injured on the job and the doctors say they don't know when I'll recover. I've been getting Workmen's Compensation ever since I was injured and will continue to get it for another three months. Am I eligible for anything from social security?

A. You are if you have worked under social security during at least five years out of the ten years before you became disabled and if your disability prevents you from doing any substantial gainful work. Your eligibility for Workmen's Compensation will not affect your entitlement to social security disability insurance benefits.

Q. I had to stop work because of a severe heart condition about a year ago. I'll be 50 years old in three months. How soon should I apply for my benefits?

A. You should apply immediately. Because of the 1960 amendments an insured disabled worker may receive monthly benefits even though he is less than 50 years old.

Q. I am 35 years old, married and have four small children. Eleven months ago I was in an automobile accident and haven't worked since. Am I eligible for anything from social security? How about my wife and children?

A. The 1960 amendments permit monthly payments to disabled workers under age 50, their wives regardless of age (so long as they have at least one minor child in their care) and all unmarried minor children. You should inquire immediately at your nearest social security office about these payments.

Q. Five years ago, when I was 41 years old, I had my social security record frozen because of a lung condition and had to stop work. Two years ago, after an operation, I recovered enough so I could go back to work. Now the disease has recurred and I have to stop working again. Am I eligible for any benefits from social security?

"BE PARTISAN IN POLITICS," LEADERS SAY

HERSHEY, Pa. (AP) — The state chairmen of Pennsylvania's major political parties are in such a position that they can't agree very often, but they do agree that every citizen should be partisan in politics.

They said so Wednesday at a panel discussion during the Bell Telephone Co.'s public affairs conference here.

"Be one or the other, but be something," Democratic Chairman Otis B. Morse IV said. Republican Chairman George I. Bloom seconded the remark.

However, resuming their positions as opposition party leaders, Bloom declared the GOP philosophy still is that of the nation's founding fathers—a fear of centralized government — although the Democrats changed with the New Deal era in 1932.

NOTED NO DECREASE

Morse replied that the change was prompted by a failure of individual action, adding that he hadn't noticed a decrease in centralized government in the past eight years when Republicans held the White House.

Noting his party's new-found 120,000 voter registration lead over the Republicans, Morse said the Democrats are now squarely in the position of responsibility in the state, and that they have provided leadership.

Bloom conceded the GOP has had to rebuild since 1956, but said

Uses Butcher Knife On Wife In Court

ST. PETERSBURG, Fla. (AP) —A Negro slashed his wife's throat and stabbed her twice in the back with a butcher knife in a crowded courtroom.

Police said they are holding William R. McFadden, 33, on a contempt of court charge pending investigation of the stabbing.

McFadden was in court Wednesday on a charge of attempting to kill his common-law wife, Earlene Johnson, 22, with a screwdriver Saturday night.

He sat behind her, witnesses said, and attempted to persuade her to drop the charges.

When she refused, McFadden whipped out a six-inch butcher knife, slashed her throat and then stabbed her twice in the back. She was reported in fair condition at a St. Petersburg hospital.

SOGGY LEVEES IN FLOOD AREA BEING SHORED

By THE ASSOCIATED PRESS

Near record flood crests pressed against weakened and soggy levees in sections of the Midwest flood belt today as workers toiled around-the-clock to hold back the surging waters.

Flood conditions appeared the most serious in sections of Southern Illinois, where six counties have been designated disaster areas.

Although swollen rivers and streams still plagued areas in Indiana, Missouri, Kansas, Oklahoma, Ohio and Kentucky, the threat of major flooding reportedly eased. Skies were generally clear across the entire flood belt.

25 LOSE LIVES

The floods, in less than a week have caused 25 deaths, injured more than 100 persons and forced some 1,250 families from their homes in Indiana, Missouri, Southern Illinois, Kansas and Kentucky. Property damage runs into the millions of dollars.

Working under the glare of big spotlights, flood fighters in Lawrenceville, Ill., hurriedly shored up weakening levees against the flooding Embarras River. National Guard units were sent into the southeastern Illinois town of 5,500 Wednesday. Units also were dispatched to other critical areas.

Across the state, at New Athens about 25 miles southeast of St. Louis, the rain-swollen Kaskaskia River poured waters through the town and the 2,000 residents started evacuation operations.

200,000 ACRES FLOODED

Army Engineers said about 200,000 acres were under water in the Missouri River Valley, including 150,000 acres below the mouth of the Osage River and about 135,000 in the Osage Basin.

Generally mild and fair weather prevailed in most sections of the country this morning. Rain fell in the central and northern Pacific Coast regions and from Alabama northeastward through southern Virginia.

Severe thunderstorms struck sections of the southern and mid-

Family Food Facts

THOMAS E. PIPER
Area Marketing Agent

Money spent for food is the largest single recurring expenditure in most family budgets. As a food shopper, the way in which you spend your money is largely up to you, observes Tom Piper, Penn. State extension marketing agent.

In modern supermarkets you may choose from the fresh, frozen, canned or dried forms of the many food items available. Usually there is a difference in price between these various forms and this fact may influence your decision.

A savings of a few pennies on one food or group of foods can be worth all the time and effort required to make the savings. Using bread and rolls for an example, you will find there is as much as fifty cents difference in the cost per pound of the various kinds available. Suppose that by comparative shopping, you save ten cents on each pound of bread you purchase. If you use five pounds of bread per week, or 260 pounds yearly, then a savings of ten cents per pound will amount to \$26.00 per year. Similar savings can be realized with other food items.

Intelligent food shopping requires far more skill today than in years past. Yesterday's grocery store had few items from which to choose but modern food markets offer an average of 5,000 or 6,000 different items.

RESIST IMPULSE BUYING
A planned shopping list can help in keeping food expenditures in line with your budget, providing you stick to the list and resist impulse buying. Even though you have a shopping list, keep an eye out for foods in plentiful supply. Be ready to substitute for items on your shopping list when good buys present themselves. Use plentiful foods frequently and keep them interesting by different

methods of preparation.

Do not buy more food than your family can use. Waste found in American garbage cans as revealed by a U. S. Government survey amounted to two-thirds of a pound of food per person daily. Some homemakers neglect to check refrigerator contents daily to see what food should be used. As a result, bits of food accumulate, then are thrown out to make room when a new supply is purchased.

Yes, shrewd shopping can save your money. The few pennies you manage to save daily on food expenditures may mean you can afford a vacation for the family, college educations for the children, or just a new household appliance.

SEEK CAUSE OF DISASTROUS PLANE CRASH

ALGIERS (AP) — Rescue and investigation teams pushed over the Sahara today to recover bodies and seek the cause of the African continent's worst air disaster, the crash of a French airliner that carried 78 persons to their death.

Five Americans were among the dead. It was hoped that desert specialists could locate nomads who witnessed the end of the Air France super-constellation early Wednesday.

The only clues so far were the last radio message from the plane at 1:10 a.m., which reported all was normal, and the sighting some 15 minutes later by a French soldier of what might have been a plane or a shooting star plunging toward the sand.

The sentry was at the big Edjele oil field in the Sahara. The plane crashed about 35 miles away, in a desolate area known as the Grand Erg Oriental.

DOCTORS ON SCENE

A light plane with doctors and technicians landed near the crash site late Wednesday. They reported there were no survivors and wreckage was scattered over a wide area.

The dead included Mrs. Alan Lukens of Wyomissing, Pa., wife of the U.S. charge d'affaires in the Central African Republic; their three small children, and Lukens' mother, Mrs. Edward C. Lukens, of Philadelphia.

Mrs. Alan Lukens was flying to Europe for the birth of her fourth child. Air France first reported that 69 persons were aboard the plane, then that there were 79. After another check the figure was put at 78.

The plane was en route from Brazzaville, capital of the former French Congo, to Paris. It had made one stop, at Fort Lamy, Chad.

Two Churches To Mark Rally Day

Mt. Calvary (Sheely's) EUB Church will have its spring Rally Day on Sunday at 11 o'clock. Mr. and Mrs. Robert Hoke from York, a blind couple, will bring the special program, consisting of special vocal, instrumental music and the message. The choir of the church will have special numbers.

Mt. Hope EUB Church will have Rally Day the same day at 2:30 p.m. Mr. and Mrs. Hoke will be there also and will present the program. The local church choir will also have special numbers. Sunday School at Mt. Calvary will be at 10 a.m. Sunday School at Mt. Hope will be at 9:30 a.m.

CUBAN DEBACLE CRITIQUE
Khrushchev Has Resumed Name Calling
Debate Was Due To Lack Of Secrecy

By JIM DAN HILL, Ph.D.
President, Wisconsin State
College, Superior

KHRUSHCHEV is no longer clamoring for a meeting at the summit with President Kennedy and other chiefs of nations. This appears to be a byproduct of the Cuban invasion debacle.

The Russian premier is now, through Russian controlled newspapers, going in for the same kind of name calling and abuse that was heaped upon Eisenhower following the U-2 episode.

President Kennedy, specifically, is being denounced for his refusal to bandy words and threats with Khrushchev.

"VULTURE" and "black vultures" are typical of the Pravda name calling. Ex-Presidents Eisenhower and Harry S. Truman, along with former Vice President Nixon, are proclaimed by Pravda as "screaming like carrion crows."

President Kennedy's conferences and apparent agreement with his predecessors is further evidence the new American President is just another warmonger who is now planning a "new military gamble" in Cuba.

"Listening to the Washington vultures, one involuntarily recalls the Anglo-Saxon saying, 'Birds of a feather flock together.' It is the way Pravda summarizes Mr. Kennedy's situation.

This sounds like an end to Moscow agitation for summit conferences in the foreseeable future. It does not rule out the possibility of Khrushchev showing up again in New York as a U.N. delegate. In some respects that role offers Khrushchev greater propaganda opportunities than a summit conference in Europe.

MEANWHILE, Mr. Kennedy has been quite forthright with the nation and the press as to the administration's responsibility. Through the State Department, he has made it clear to Castro and the rest of the South America that communism was not a negotiable commodity. This French underground, deep in the

was in response to Castro's note to all diplomats in Havana hoping that difficulties between United States and his regime could be amicably settled.

OUT OF ALL the publicity and discussions, the causes of the Cuban debacle have emerged. They may be summarized as follows:

Castor's counter intelligence, at which the Communists are always superb, knew exactly where the Cuban rebel forces were going to land. Castro also knew the time, so that pro-Castro followers in New York were alerted. The result was a beach ambush in Cuba and the immediate demonstrations in New York.

Landing such a large guerrilla force in one place on one night was a mistake. Were true guerrilla techniques followed, the Cuban freedom fighters would have been put ashore in platoons and companies of 50 to 100 men each. Twenty or more widely separated beaches, on a series of nights, should have been used. The guerrilla detachments should have had instructions to rendezvous at designated places in the mountains. There additional ammunition, heavier equipment and munitions should have become available to them by air drops.

The all out effort against Castro thus should have simultaneously erupted from several different mountain areas and not at the beaches. Such would have been true guerrilla tactics.

THE FAILURE of the Cuban people to arise and join the invaders has been overemphasized. With the advance information he had, Castro was able by wholesale arrests and imprisonment to smother the Cuban underground. Moreover, civilians do not arise to join invaders until they know the invasion is going to succeed.

In the invasion and liberation of France that began June 6, 1944, the French did not arise immediately. It is true that the French underground, deep in the

TV INDUSTRY IS SHAKEN BY HEAD OF FCC

By JACK ADAMS

WASHINGTON (AP)—The television industry and the Federal Communications Commission today squared away for a new sort of suspenseful TV quiz which might be titled, "What comes next?"

That was the big question as delegates scattered from the 39th annual convention of the National Association of Broadcasters, which produced a major governmental assault on television program content.

In two convention appearances, Newton N. Minow, 35, the new commission chairman, hammered away at the theme of better programming for the American public and shook the big stick of FCC's power to deny license renewals for broadcasting stations. NONE EVER REFUSED

The FCC grants license renewals on a showing that a station

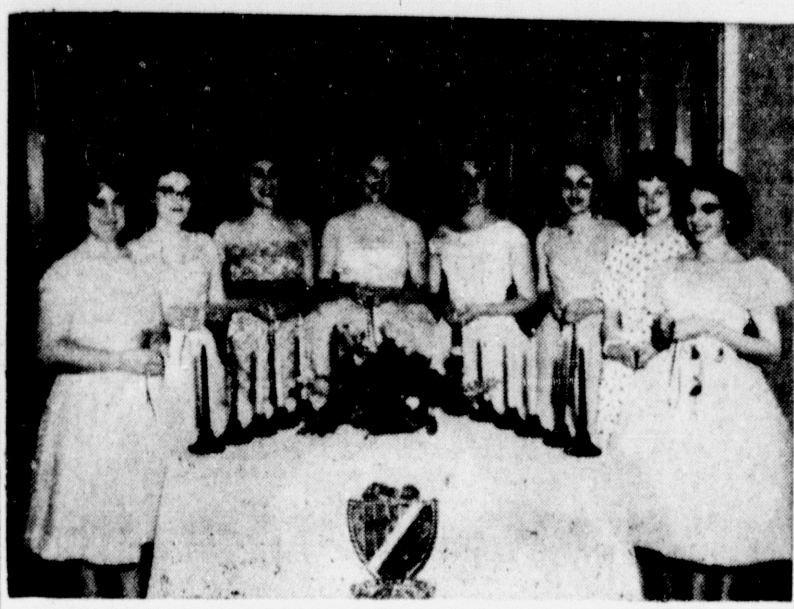

interior, became more active, but were quite passive until the Normandy break through about D-plus 60.

If the mass of French civilians would not arise spontaneously against the tyranny of the German occupation until about two months after the first American landings, by what rule of logic could one expect the Cubans to rush to the beaches to greet invaders before they had established themselves ashore?

THERE IS also the criticism that the Cubans in exile are not working together. It is not a bona fide excuse. There is always dissension among rebels in exile.

England solved that problem by publicly proclaiming they were backing a Brigadier General De Gaulle for the French; Dr. Masaryk for the Czechs, etc. Those who really desire freedom will get back of the person thus publicly recognized. Our planners did not observe this rule.

Finally, the unanswered question is: what will America do now? There seems to be but one course. If the Cubans cannot free their native land; if the Organization of American States does not care to cooperate in landings, it is up to Mr. Kennedy to implement his earlier remarks by some form of positive action, be it blockade and/or intervention in the Teddy Roosevelt tradition. Putting it in the U.N. will be further rejection of the Monroe Doctrine and a strengthening of Castro.

Eight young women who received the Ritual of Jewels degree of the Epsilon Delta chapter of Beta Sigma Phi sorority at the annual banquet Monday night at the Lamp Post Tea Room are shown above, left to right: The Misses Barbara Keefer, Betty Snyder, Nancy Elledge, Alice Biggins, Pat Timlin, Jean Bowmaster, Marcia Brough and Mrs. Roberta Hess.

has been operated "in the public interest."

The commission never has refused a renewal for a TV station on the basis of program content. However, using a relatively new power granted by Congress last year, it recently has put some radio outlets on "short term licenses," that is, for less than the usual three years, pending further observation of the stations' operations.

Speaking as FCC's head man and also as a "television viewer and the husband and father of other television viewers," Minow said a great many TV programs are "eminently worthwhile."

But he condemned what he described as "a procession of game shows, violence, audience participation shows, formula comedies about totally unbelievable families, blood and thunder, mayhem, sadism, murder, western badmen, western good men, private eyes, gangsters, more violence, and cartoons."

"And, endlessly, commercials—many screaming, cajoling, and offending," he said. "And most of all, boredom."

"While Minow's ideas were almost completely rejected, the few who partially agree with him feel he spoke from an abundance of new-job enthusiasm."

"When he speaks of 'more quality,' they would like to know 'who is going to be the judge?' A mass medium has to get the audience."

"The general feeling is that his way of expressing criticism was unduly harsh."

MASTERTONVILLE, Pa. (AP)—A fire near this Lancaster County town burned down a barn Wednesday and killed 27 head of steers inside.

Leon Kulp of Manheim, owner of the farm, estimated the damage at \$40,000.

HOLDING "ID" CLINIC TODAY IN HARRISBURG

HARRISBURG (AP)—Industrial development leaders from all over the state came here today for Pennsylvania's fifth annual industrial development clinic.

State Commerce Secretary William R. Davlin said the meetings give the leaders a chance "to get together and compare notes, discuss common problems, exchange information and hear from leading industrial development experts and other specialists on related subjects."

William L. Batt Jr., whose appointment as head of the new federal distressed areas program is awaiting confirmation by the U.S. Senate, is slated to open the clinic with an informal luncheon talk.

TO HEAR GOVERNOR Victor Rorerus, director of the Office of Area Development in the U.S. Commerce Department, also is scheduled to speak during the two-day meeting.

Other main speakers include Gov. Lawrence, Dr. George Cline Smith and Adolph T. Schmidt.

Smith is vice president and chief economist for the F. W. Dodge Corp. Schmidt is executive director of the Rhode Island Industrial Development Council.

The clinic is jointly sponsored by the state, the State Chamber of Commerce, state utilities and industrial realtors.

LOS ANGELES (AP)—Dr. Elias Caplan, 87, who practiced medicine for a half century in Portland, Maine, before retiring 12 years ago died Tuesday.

Moonshiner Uses Crutch On Agent

PITTSBURGH (AP)—A convicted moonshiner broke his crutch over the head of a State Liquor Control Board agent in Criminal Court Wednesday and immediately got a stiffer sentence.

Judge William F. Cercone increased the sentence for Robert Strother, 44, of Pittsburgh, from 6 to 12 months to a full year after he socked agent Eugene Barkley with the crutch.

Barkley, who had testified against Strother, was taken to a hospital for X-rays.

KENNEDYS ON VACATION IN PALM BEACH

WASHINGTON (AP) — President and Mrs. Kennedy head for Florida today for three days of relaxation.

The President and First Lady arranged to board a helicopter on the White House lawn in late morning for the short hop to nearby Andrews Air Force Base, Md. They take off from there by jet plane for Palm Beach.

The Kennedys plan to remain at the Florida resort city until late Sunday before flying back to Washington.

The White House Wednesday reported that the trip would be made, but announced no reason for it.

There was no question however, that Kennedy sought a restful vacation to play some golf, swim and just loaf around.

"CAN USE TONIC" — Some who see the President frequently say he's like any man who has worked long hours under severe pressure—he can use the tonic of a few days off.

Kennedy has grappled in recent weeks with emergencies in Cuba and Southeast Asia as well as other anticipated problems on the international and domestic scene.

Even before today's departure, Kennedy scheduled a White House meeting with the Cabinet.

At Palm Beach, Kennedy will be kept informed of important developments at home and abroad, and have access to split second communication with responsible officials. But, the White House news secretary, Pierre Salinger, said there would be no news from the resort. All announcements will be issued as usual through the White House.

The POWER of FAITH

by Howard Brodie

Mother's Day rests upon an historical foundation of faith: The Old and New Testaments say, "Honour thy father and thy mother." The pagan festival of the "Mother of the Gods" was transformed by Christianity into the celebration honoring the "Mother Church," during which the faithful returned with gifts to the church where they were baptized. Then as young men and women left home to become apprentices and servants, "Mothering Sunday" in Mid-Lent, was set apart for them to visit their parents with tokens of their love.

"Mother's Day" was first celebrated in America in Sunday schools and churches in Philadelphia in 1908. The idea came from Anna Jarvis, when she arranged a memorial service for her mother in a Virginia town. Congress passed the bill for the day in 1914: "Whereas the American mother is doing so much for the home, the moral uplift, and religion, hence so much for good government and humanity . . ."

PRICE IS RIGHT SHOWS WRONG FILM AT NIGHT

By CYNTHIA LOWRY

AP TV-Radio Writer

NEW YORK (AP) — It had to happen sometime, with all the taped TV shows around, and it did: NBC started to run the wrong tape of the correct show, "The Price Is Right" Wednesday morning.

The program scheduled for Wednesday night's edition of the show started unreeling, and almost immediately somebody discovered the mistake. The "Please Stand By" sign came on while a substitution was made. There came a brief interlude of organ music, and soon the right tape was unveiled—with the show already in progress.

Usually, the night time version of "The Price Is Right" is a live show, but master of ceremonies Bill Cullen is on vacation and the program had been taped in advance.

DIFFERENT SPONSORS

The network could not do the obvious thing under the circumstances, which was to permit the show to run to its finish, and then use the day-time tape for the evening show: The once-a-week night program has different sponsors and advertises other products.

NBC's summer replacement for the Ernie Ford show is a series of "Great Ghost Stories," based on the classics and from the production line of that adapter of literature, David Susskind. Indications are now that CBS' "Face the Nation" will give way next season to some other type informational show, ABC's "Morning Court" will quietly disappear Friday, to be replaced by re-runs of "The

Gale Storm Show."

Chet Huntley's news program on NBC next Sunday will consist of a propaganda newsreel made for showing in Cuban movie houses. It is the story of the recent invasion from the defenders' point of view. The film was acquired, NBC says, from "neutral sources."

Recommended tonight: "CBS Reports, 10-11 Eastern Daylight Time"—"Censorship and the movies."

WIVES BALKED BY BACHELOR

WASHINGTON (AP) — The wives of congressmen, bipartisan in their desire to escape Washington's summer heat, concede they have met their match in Speaker Sam Rayburn.

Their campaign is doomed because Rayburn, a bachelor, thinks a summer recess is "the greatest nonsense I've ever heard."

Mrs. John Sherman Cooper, wife of the Republican senator from Kentucky, was among those admitting Wednesday that their hopes had been scuttled. However, Mrs. Cooper added: "It is still a good idea."

Taking up this tack, Mrs. Frank Church, wife of the Democratic senator from Idaho, said she hoped Rayburn would think things over and change his mind.

Mrs. Church was certain a summer respite would mean Congress would work harder and do a better job on return.

Thirty-three senators are sponsoring a resolution calling for a recess from July 1 to Oct. 1. But, said one of the sponsors, Sen. Hubert H. Humphrey, D-Minn., after Rayburn had spoken: "The Senate and House must operate at the same time, and that is that."

LONDON (AP)—Mrs. John F. Kennedy's sister said today that America's First Lady will visit her in London early in June but the President "almost certainly" will have to return straight home after the Kennedys' visit to Paris.

Mrs. Kennedy "will be coming here for two days after the President's visit to Paris," her sister, Princess Lee Radziwill, said in an interview.

Geneva

(Continued From Page 1)

van, right-wing strongman of the pro-Western government, would lead a 10-man delegation to the Geneva conference. There was no word on departure plans.

Delegations representing the Pathet Lao and Souvanna Phouma arrived Wednesday by way of Peiping and Moscow.

Soviet Foreign Minister Andrei Gromyko, one of the first to arrive for the conference, said the Soviet Union will make every effort to solve the Laotian problem "justly and without procrastination and to stamp out a hotbed of war danger."

14 NATIONS INVITED

Close on the heels of the Soviets came Red China's delegation, headed by Foreign Minister Chen Yi, and a North Vietnamese group headed by Foreign Minister Ung Van Khiem.

Fourteen nations were invited to the conference, which was called by Britain and the Soviet Union as co-chairmen of the 1954 Geneva parley that wrote the Indochina armistice. Invited this time were the United States, France, Red China, North and South Viet Nam, Laos, Canada, Thailand, Poland, Burma, India and Cambodia. Thailand was reluctant to send its delegation off to Geneva. A statement issued in Bangkok said, "As of now, there seems no indication that a ceasefire could possibly be established in the next few days."

MOSCOW (AP)—Soviet space fliers are to be given a special badge on their appointment to the duties of "pilot-cosmonaut," the Soviet Defense Ministry announced today.

SAY EICHMANN URGED DEATH FOR HALF-JEWS

By THOMAS A. REEDY
JERUSALEM (AP) — Adolf Eichmann advanced some proposals for exterminating Jews that went even beyond Hitler's plans, the prosecution charged Wednesday at the former Gestapo officer's trial.

Asst. Atty. Gen. Gavriel Bach told the Israeli court that at one stage in World War II suggestions arose within the Nazi hierarchy that half-Jews in the Netherlands should be considered full Jews, and thus be marked for death.

Objections to this idea arose from the army and even Hitler himself, Bach said. The argument was that extension of this principle eventually would force one-quarter Jews serving in the German army to quit military service.

WAS MORE EXTREME

Bach said Eichmann, however, advocated classifying half-Jews as full Jews and this showed "Eichmann in certain points was even more extreme in his approach to the Jewish question than Hitler himself."

Bach made his accusation during a day of testimony on the Nazi extermination of Jews in the Netherlands and Belgium.

A short, stocky schoolteacher testified that the Nazis wiped out the Jews of Holland and "forever

made Tuesday a day of dread." To this day, even in the safety of Israel, "we retain a sensitivity to Tuesday," Dr. Josef Melkman testified.

That was the day of the week in Holland when the Jews were lined up at 3 a.m. to hear the names of those chosen for deportation to the east.

END OF THE ROAD

They all knew, Melkman said, that was the end of the road.

"The names would be read out like a death sentence. For all the horrible things I saw then and later, this still remains my strongest impression."

Melkman, a survivor of Bergen-Belsen, was presented by the prosecution to illustrate the case in Holland against Adolf Eichmann, charged with being a major accomplice in the Nazi extermination of six million Jews.

Most of Melkman's family — uncles, aunts and cousins included — were among the 134,000 Dutch Jews who died in the reign of terror. Only 6,000 of Holland's Jewish survivors, he testified.

DEATH TRAIN BLOCKED

Melkman himself was on the way to the Esienstadt gas chambers when his death train was blocked at Torgau, on the Elbe River, by the fast-moving Soviet and American armies.

The witness told of "horrible sights" in his last few months at the Belsen camp and "even cases of cannibalism which I saw in the women's camp where they had no food at all."

He said one inmate reported camp commandant Josef Kramer

NEW HOPE FOR BIRTHS AFTER 50TH BIRTHDAY

By THE ASSOCIATED PRESS
Hope for the yearning childless, and a new tool for the blind figure in medical news, along with a psychoanalysis of Adolf Hitler.

Can a childless couple still have hope after the woman passes her 50th birthday?

Medical statistics covering 39 million live births in the 1949-1958 decade show the birth of a first child to a woman over 50 occurs slightly more often than the birth of quadruplets to women of all childbearing ages.

Women 40-44 in New York City are three times as likely to give birth to a live child as they are to suffer death in an accident. The live birth to a woman 45-49 years old is more frequent than the birth of triplets.

ELECTRONIC CANE

Two researchers have developed an electronic cane for the blind.

The device, which is being field tested, can be carried like a small brief case. It shoots out pulses

told the transport crews, "The more dead Jews you bring here the better." Kramer and the women's camp boss, Irma Griesel, known as "the beast of Belsen," was hanged by the British.

of infrared light. When the beam strikes an object up to 10 feet away, it is reflected back to a photoelectric cell in the cane and triggers a buzzer.

The user then can press a button which cuts the range of the beam to five feet. This gives a rough estimate of the distance of the object.

The instrument was designed by J. Malvern Benjamin Jr., an engineer for Biophysical Electronics, Inc., New Hope, Pa., and T. A. Benham, a physicist at Haverford College.

HITLER ANALYZED

A New York psychiatrist who made a detailed study of the behavior of Adolf Hitler has coined a new name for his mental classification — psychotic character.

Dr. Norbert Bromberg of the Albert Einstein College of Medicine said: "Hitler manifested such accurate perception and skillful manipulation of political and group psychological realities that he achieved great successes, earning him the designation, political genius."

"On the other hand, he revealed psychotic features such as irrational hates and paranoid ideas. It would therefore seem that he belonged to a group of borderline cases that includes individuals who are neither totally and irreversibly psychotic, nor always and in all psychic functioning relatively normal."

He said cases of this kind can't

KENNEDYS TO VISIT CANADA

WASHINGTON (AP) — Two things Jacqueline Kennedy likes best — art and horses — are on the schedule for her first official foreign trip with the President.

The Kennedys' fast 2½-day visit to Ottawa next week is the fore-runner of a similar trip to Paris later in the month.

The Canadian trip is typical of state visits and includes a presidential address to both houses of Parliament. For much of it, including two formal state dinners and a reception, both the President and Mrs. Kennedy will follow the same schedule.

Mrs. Kennedy will take a brief look, on her own, at Canada's National Gallery and watch a drill by the famed Royal Canadian Mounted Police.

SEE TULIPS IN BLOOM

Canadian spokesmen say the timing of the Kennedys' trip will give them a chance to see one of the spectacular sights of Ottawa — more than a million tulips in bloom.

For Mrs. Kennedy, who speaks fluent French, Canada presents another opportunity to shine in

the language field. Many Canadians are of French origin, and both English and French are considered official languages.

The President and his wife are due in Ottawa by plane late next Tuesday afternoon. They will stay at famous Rideau Hall, the residence of Canada's Governor General George P. Vanier.

Camden Elects New Mayor, Councilmen

CAMDEN, N. J. (AP) — By an overwhelming 5-1 margin, Camden voters have elected Mayor Alfred R. Pierce and his councilmanic slate of seven to head the city's new mayor-council form of government which on July 1 will replace the commission type. The latter had been in effect since 1923.

Pierce collected 19,612 votes in the nonpartisan election Tuesday as compared to 4,135 by George Ewing, a former county freeholder. Both men are Democrats, but Ewing was supported by the regular organization.

The bill proposed to buy 15 parcels of land and one building. It follows a Federal Communications Commission ruling that Bell should step out of this field. The state police and the Highways Department are using the leased facilities.

All the property is owned by Bell.

MOSCOW (AP) — The Soviet Union is cracking down on home brewers.

Stiff penalties have been ordered in the Russian Federation — the largest of the Soviet republics — for anyone caught brewing alcoholic drinks at home or selling it.

IS INDICTED FOR EMBEZZLING

PITTSBURGH (AP) — A Democratic state representative from suburban Penn Hills has been indicted on a charge of embezzling \$1,379 while employed as a teller at the Monroeville branch of the Pittsburgh National Bank.

A federal grand jury Tuesday indicted Arthur O. Guesman, 28, who was elected to the legislature last November. The FBI arrested him on March 24.

Guesman is accused of making false entries in the bank's cash accounts in an attempt to cover up the embezzlement. The FBI said an audit revealed the shortage.

INTRODUCE BILL

HARRISBURG (AP) — Legislation enabling the state to take over radio communications facilities it now leases from Bell Telephone Co. was introduced Monday night in the House.

The bill proposed to buy 15 parcels of land and one building. It follows a Federal Communications Commission ruling that Bell should step out of this field. The state police and the Highways Department are using the leased facilities.

All the property is owned by Bell.

Elderly Man Dies From Auto Injuries

LANCASTER, Pa. (AP) — Paul B. Greenawalt, 66, of Elizabethtown R. 2, died Wednesday in St. Joseph's Hospital here of injuries suffered when he was struck by an auto.

Police said Greenawalt was hit Tuesday night on Hershey Road near his home as he walked across the road to a quarry to dump some grass he had removed from his lawn.

The driver of the auto was identified as Paul A. Hoffman, 45, of Elizabethtown Route 2. He was quoted by police as saying he didn't see Greenawalt soon enough to stop in time to avoid hitting him.

TO BE PROMOTED

HARRISBURG (AP) — Only Gov. Lawrence's signature is needed to enact a measure to make banker Richard K. Mellon of Pittsburgh and soldier-diplomat Anthony J. Drexel Biddle of Philadelphia lieutenant generals in the Pennsylvania National Guard.

The Senate Monday night voted 50-0 to complete legislative action on a measure to promote the two officers.

Biddle headed the State National Guard until his recent appointment as U. S. ambassador to Spain.

A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

THE COSINE FAMILY

The notes on the Cosine family, of the Low Dutch Settlement of the Conewago, are continued at this time.

In the baptismal records of the Dutch Reformed Church of the Conewago the following information, pertaining to the Cosines, was found.

3. "Baptized, May 27, 1774, Martine Cosien, the child of Pieter (or Peter) and Willemie (Wick) Cosien."

4. Baptized, January 1, 1775, Elizabeth Cosyn, the daughter of Pieter (or Peter) and Willemie (Wick) Cosyn."

5. "Baptized, December 28, 1776, Antze Cosyn, the daughter of Cornelius and Marya (Brouwer) Cosyn."

6. "Baptized, July 27, 1777, Pieter (or Peter) Cosyn, the son of Pieter (or Peter) and Willemie (Wick) Cosyn."

OMIT ONE DETAIL
This concludes, for the time being at least, the data on the Cosine family. What has been given is just the "bare bones." But, unfortunately, nothing else is available at this time.

In the outline of the Cosin

family, presented in a previous column, one rather important detail was omitted. In the marriage records of the Rev. George Brinkerhoff, the last minister to serve the church at Conewago, is the following:—

"Married, May 2, 1791, John Coshun and Anna Monfort."

It is very possible that one of the unmarked graves in the Cosin family burial plot is that of Anna (Monfort) Coshun. The grave of John Coshun, her husband, is marked and the stone is still in place.

In answer to an inquiry regarding the Rev. George Brinkerhoff the biographical data given below was taken from a much more detailed sketch of his life and work included in the records of the Dutch Reformed Church.

BORN IN NEW JERSEY

"The Rev. George Brinkerhoff was the youngest son of Joris (4) Brinkerhoff, and was born in Bergen County, New Jersey, in 1761. At the age of ten years he removed with his father and other members of his family to what is now (then York) Adams County, Pennsylvania.

"After the War of the Ameri-

can Revolution George Brinkerhoff returned to Bergen County, New Jersey, to study for the ministry. He remained there until he was authorized to preach. It is interesting to note that he was one of the first to be admitted to the ministry of the Dutch Reformed Church in America without credentials from 'beyond the sea.'

"He was prepared for his calling, in part, at Hampton Plains, New Jersey, by the Rev. Hermanus Meyer, a German, graduate of Groeningen University, and in part at Hackensack, New Jersey, by the Rev. Solomon Froeligh and Rev. Thomas Romeyn.

WAS A MISSIONARY

"The first work of Rev. Brinkerhoff, in his chosen profession, was in the Home Missionary field in the northern counties of New York state.

"In 1789 he accepted a call to the Reformed Dutch Church at Conewago and entered upon his work there in November 1789.

"Four years later (1793) he returned to New Jersey and accepted the pastorate of two churches. To these he ministered from 1793 to 1806.

"In 1808 he became the pastor of the Dutch Reformed Church on the Owasco Lake, Cayuga County, New York. Here he remained until his death. It is said of George Brinkerhoff that he was a godly man and a faithful Christian minister, mild and gentle in temper, firm and resolute in his opinions and purposes. He experienced a change in heart so early in life that he could not remember the time; and his spiritual exercises, as revealed in his religious conversation, were deep and earnest, while his daily conduct was marked by simplicity and godly sincerity. His death was remarkably calm and even triumphant."

MARRIED IN 1789

The Rev. George Brinkerhoff was married, on September 19, 1789, to Maria Van Harling and they were the parents of the following children:—

1. George H. (6) Brinkerhoff — born June 20, 1791 — died July 3, 1867.

2. Johanna M. (6) Brinkerhoff — born February, 23, 1793 — died May —?, 1793.

3. Sarah S. (6) Brinkerhoff — born April 6, 1794 — died November 23, 1849 — unmarried.

4. Martina (6) Brinkerhoff — born February 1, 1796 — died October 26, 1827.

5. Johannis M. (6) Brinkerhoff — born June 30, 1798 — died September 20, 1827 — unmarried.

6. Peter V. (6) Brinkerhoff — born February 1, 1800 — died March 10, 1820 — unmarried.

7. Annetie (6) Brinkerhoff — born April 4, 1803 — died June 7, 1851 — unmarried.

8. Maria (6) Brinkerhoff — born April 18, 1805 — died April 28, 1860 — unmarried.

One other item, of interest pertaining to the Brinkerhoff family appeared in the "Republican Compiler" — under the date given —

MARRIED LADY REVEALS SELF USUAL SIGNS

By HAL BOYLE

NEW YORK (AP)—It is getting harder to tell the married girls from the single girls.

There was a time when it was easier. All you had to do was glance at a certain finger of her left hand. If she wore a gold band on it, there was no doubt about it. She was married.

But customs change. So do rings. Many of the married women in America's 20 million-plus feminine work force don't wear their wedding rings on the job.

And many single girls wear rings which give them the air of matronhood but actually celebrate only the fact they were able to graduate from high school or are members of a winning team in the factory bowling league.

OTHER SIGNS

But there are other signs. It's a pretty safe bet a gal is married if—

Whenever she leaves home after dark, she is trailed, two paces behind, by a tired-looking man who looks as if his feet hurt him.

In reading a magazine she merely glances at an article titled, "America's 12 richest bachelors," then turns to one about "What's wrong with our schools?"

When she's dining out, she tells the man with her, "I'll take this, and you'll take that. It's better for your stomach."

She always kicks off her shoes in a movie house.

CLEANER SPECIALIST

She can't name the latest matinee idol, but she can take a vacuum cleaner apart and put it together again in 15 minutes.

You look in her refrigerator and see eight bottles of milk and six cans of beer.

At a party you ask her to dance, a look of incredulous surprise sweeps over her face.

At a cocktail shindig, she keeps yanking at the same male elbow while yelping, "Remember what you promised. You said we'd go home after you had two."

She yawns when the talk turns to politics, but brightens up immediately if someone mentions a new recipe.

She tells the same man every

The next family in the Low Dutch Settlement of the Conewago to be included in this study is the Hulicks. They were, apparently, quite a large clan but in the family burial plot in the "Upper" graveyard there is but one marked grave. If the size of the lot counts for anything there are quite a few — unmarked.

This series of studies on the "Low Dutch" families will be continued next week.

South Africa Gets Its First President

CAPETOWN, South Africa (AP)—Charles Robberts Swart, the candidate of South Africa's white supremacy government, was elected first president of the new South African republic Wednesday.

The Senate and Assembly, sitting as an Electoral College, gave 139 votes to Swart and 71 to former Chief Justice Henry Allan Fagan, the candidate for the combined opposition parties.

Swart's election had been certain because of the ruling National party's majority in Parlia-

ment. He was nominated by Prime Minister Hendrik Verwoerd.

When someone asks her what she does, she hangs her head, sighs, and says deprecatingly, "Me? Oh, I'm just a housewife."

But she wouldn't trade her job for any other career in the world.

MEDAL FOR DOOLEY

WASHINGTON (AP)—A House committee has authorized a medal for Dr. Thomas A. Dooley III, a physician who sparked a program of medical aid for Southeast Asia before he died of cancer last Jan. 18.

The House Banking Committee approved a bill authorizing \$2,500 for a gold medal honoring Dooley. The bill now goes to the House for floor action.

LONDON (AP)—Moscow radio said today that Soviet scientists, before Yuri A. Gagarin's space flight, had "made it quite clear that the Soviet Union was on the threshold of sending a manned space ship on its maiden voyage."

"The actual flight, too, was announced to the world long before its successful completion was absolutely certain," said the broadcast, which termed U.S.-British

criticism of the secrecy surrounding the Soviet space program "childish talk indeed."

WEST POINT, N.Y. (AP)—Former President Dwight D. Eisenhower will visit West Point on May 15 to accept the Sylvanus Thayer award from the academy's Association of Graduates. Eisenhower will be the first graduate of the academy to receive the award, consisting of a gold medal and scroll. The award is presented annually at the Founder's Day dinner to a citizen whose service and accomplishments in the national interest exemplify outstanding devotion to ideals expressed by the West Point motto, "Duty, Honor, Country."

Set Up Committee For Civil Service

HARRISBURG (AP)—A select legislative committee is expected to be named soon to study Civil Service in Pennsylvania and ways to improve it. Rep. Harris G. Breth, D-Clearfield, chairman of the Joint State Government Commission, said Tuesday the study would be started from a preliminary report on Civil Service prepared by the commission.

BOX SCORE IN MAJOR LEAGUE IS CONFUSING

By BEN OLAN
Associated Press Sports Writer
NEW YORK (AP) — Major league baseball box scores, filled with the same and similar names, can be mighty confusing.

There's Frank Thomas of the Braves, Leroy Thomas of the Angels, Valmy Thomas of the Indians and George Thomas of the Tigers.

Then there's the colorful group of Fred Green of the Pirates, Dallas Green of the Phillies, Pumpsie Green of the Red Sox, Gene Green of the Senators and Lennie Green of the Twins. More color is provided by Dick Brown of the Tigers and Skinny Brown of the Orioles.

Another confusing quintet includes Hal Smith of the Pirates, Hal Smith of the Cards, Bobby Gene Smith and Charlie Smith of the Phils and Al Smith of the White Sox. The Jones boys are well represented with Sam Jones of the Giants, Gordon Jones of the Orioles and Willie Jones of the Reds.

ROBINSONS, WILLIAMSES

Jackie Robinson and Ted Williams have retired, but there are Frank Robinson of the Reds, Floyd Robinson of the White Sox, Brooks Robinson and Earl Robinson of the Orioles, and Billy Williams of the Cubs, Stan Williams of the Dodgers and Dick Williams of the Orioles.

For some confusing twosomes look at these: Harry Anderson of the Reds and Bob Anderson of the Cubs; Marshall Bridges of the Reds and Rocky Bridges of the Angels; Elston Howard of the Yanks and Frank Howard of the Dodgers; Jim Brewer of the Cubs and Tom Brewer of the Red Sox; Tommy Davis and Willie Davis of the Dodgers; J. C. Martin of the White Sox and Billy Martin of the Braves; Tony Taylor of the Phils and Sammy Taylor of the Cubs; Tom Morgan of the Angels and Joe Morgan of the Indians.

The brother combinations don't make things easy, either: Ken Aspromonte of the Angels and

Use Federal Aid To Improve Watershed

HARRISBURG (AP) — Federal aid may be forthcoming to assist in improving the 28,966-acre Mahantango Creek watershed in Schuylkill and Northumberland Counties.

Both counties' conservation districts, the Schuylkill County commissioners and Upper Mahantango and Eldred Townships joined Tuesday in applying for the aid to the State Soil Conservation Commission.

Under federal law the state agency is empowered to review such applications and assign priority for the work to be carried out by the U.S. Agriculture Department's Soil Conservation Service.

Mahantango Creek is a tributary of the Susquehanna River.

FISH BILL IN HOUSE AGAIN

HARRISBURG (AP) — The issue of open meetings of the State Fish Commission was put back before the House Tuesday.

The House Fisheries Committee approved a bill to require the commission's meetings to be public after deciding against making any further revisions in the bill.

It had been before the House for several days, and amended. The committee had recalled the bill to decide whether to take out the amendments but was advised it may not strike out changes made by the full House.

Supporters claimed these amendments — expanding the membership of the commission — would be objectionable and would probably cost them important votes.

DEAD FOR SESSION

Meanwhile, Chairman William B. Curwood, D-Luzerne, of the

Bob Aspromonte of the Dodgers; Cletis Boyer of the Yanks and Ken Boyer of the Cards; Larry Sherry and Norm Sherry of the Dodgers; Filipe Alou and Matty Alou of the Giants; Marv Throneberry of the A's and Faye Throneberry of the Angels; Gene Freese of the Reds and George Freese of the Cubs.

UMPIRES TAKE BEATING BACK OF HOME PLATE

By HAL BOYLE
NEW YORK (AP) — Remarks a baseball umpire gets tired of hearing:

"Kill the umpire!"
"You know what happened to vaudeville? Well, give Blinky McGuire five more years behind the plate, and he'll do the same thing to organized baseball."

"I admit Blinky calls them as he sees them. That's the whole trouble. He don't see very many of them."

"Whaddaya mean it's strike three? The guy's only thrown two pitches so far."

FAVORS EITHER ONE

"Oh, he's all right except for one thing—he favors the pitcher."

"There's only one thing I really got against him—he favors the batter every time."

"Don't look now, Blinky, but that big fan over by first base is

Game Committee said a bill to open the Game Commission meetings to the public apparently is dead for the session. It never has been cleared by his committee.

Curwood said his committee twice has considered the Game Commission bill and each time rejected it.

Curwood said he favors the bill. The Fish and Game Commissions are opposed to opening their meetings to the public.

getting ready to throw another pop bottle. Wonder where he gets them all?"

"We'll be glad to sell you the life insurance coverage you requested, but because of certain inherent risks in your calling, we'll have to ask for a higher premium."

"You didn't have to call that last one so dramatic, Blinky. The TV camera wasn't on you that time."

FIND NO ULCERS

"Okay, Little Boy Blue, bend down and dust the plate. Papa's going to belt the first one over for a homer. That way you won't get a chance to call one wrong."

"No, Mr. McGuire, I don't find any indication of ulcers. However, I would like to make a suggestion. One of my associates specializes in psychiatry, and I think it would be a good idea if you would."

"In your case, Mr. McGuire, I would recommend contact lenses. Then no one would even suspect that."

"Since it was ladies' day, I went to the game myself. And even though I am your wife, Blinky dear, that third strike you called in the eighth inning looked way off to me."

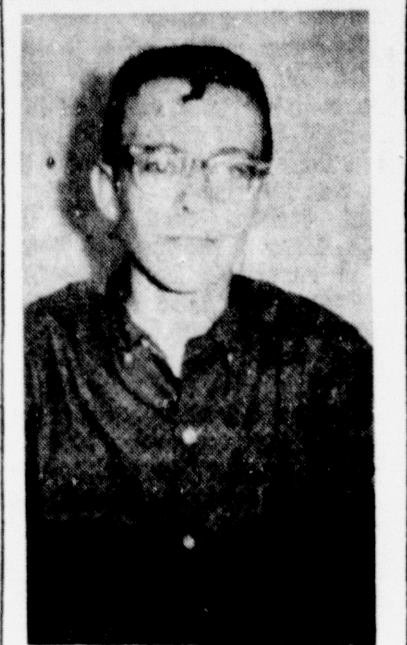

"Put a mouse in a uniform and give him a little authority and right away he begins to act like a big rat."

"I hear you're writing your autobiography, Blinky. Will it be in Braille?"

MOSCOW (AP) — The newspaper Soviet Russia said Tuesday that despite Premier Khrushchev's prodding, spring crop planting is behind schedule.

License Revoked By State Board

HARRISBURG (AP) — The license of William and Kaletta Landers, operators of the Budget Bar in Ashland, was revoked Tuesday by the State Liquor Control Board, effective May 23.

The board gave these reasons for its action: "Licensees are not the only persons peculiarly interested in the business; noisy operation; falsified application for restaurant liquor license for 1961; failed to keep, for a period of at least two years, complete and truthful record."

TOKYO (AP) — Foreign Minister Zentaro Kosaka said that he expects to begin talks soon with U.S. Ambassador Edwin O. Reischauer on repayment of close to \$2 billion of American aid Japan received in the immediate postwar years. He will serve six months of active

duty with the army and then return to complete the balance of his required military duty with the local National Guard unit.

He has enlisted as a basic artilleryman to be trained for assignment as a vehicle mechanic.

Capt. Doersom said the battery has openings for eight additional men, but all enlistments must be made before May 23 after which no enlistments can be received. The local National Guard armory is open from 8 each morning to 4 each weekday afternoon and on Monday and Tuesday nights. Those interested in joining the Guard should contact the officials at the local armory before May 23.

P. O. PROGRAM IS STEPPED UP

Progress toward construction of a new and modern post office in Biglerville was announced today by Postmaster General J. Edward Day.

"President Kennedy has called for an accelerated construction program of 2,000 new post offices to be built this year as a spur to the economy," the postmaster general said. "The post office that will be constructed here will not only benefit the community by way of more efficient postal service but will help to implement the President's program."

Day said the Post Office Department is seeking competitive bids to build and lease the new post office to be located at the northeast corner of W. York St. and High St. The building area will be approximately 2,650 square feet plus adequate platform and paved parking and maneuvering areas.

Under the department's commercial leasing program the site will be assigned to the successful bidder, who will purchase the land, construct the building according to departmental specifications and rent it to the Post Office Department for a basic period of 10 years with four options to renew the lease and shall include provisions granting the government irrevocable options to purchase.

The department's capital investment will be limited substantially to postal equipment. The building will remain under private ownership with the owner paying local real estate taxes.

Bids should be submitted to the department by the church by next weekend. The truck is scheduled to gather the donations May 17. The Luther League will package the clothing.

In the service last Sunday the altar flowers were presented in memory of Mr. and Mrs. George Wildasin by their children.

Rev. Karschner attended a recent meeting of the board of directors of Susquehanna University. He is chairman of the committee on religious interests of the board.

Mrs. Pauline Wildasin, president of the ULGW of St. John's Church, presided over the spring rally held Sunday evening. The program centered around the migrants, using the motion picture "Colorado Cares." The pastor led a discussion during which Bruce Zoller, New Oxford High School, related his experiences with the migrants. He spends the summer months as a supervisor of the migrants on one of the fruit farms in the county. The youth choir of the church sang, accompanied by Mrs. Pearl Smith and led by Miss Betty Hoff.

EAST BERLIN — At Zwingle United Church of Christ Sunday altar flowers were presented by Mr. and Mrs. Charles Fahs. Registration cards for Camp Michaux may be obtained from Rev. William H. Anderman. The annual banquet of the Loyal Sons and Daughters Class will be held Saturday at the Victory Restaurant, Hanover, at 6:30 o'clock. Mrs. Melissa Roos and Rev. William H. Anderman were delegates to the spring meeting of the Mercersburg Synod, Tuesday and Wednesday at Bethany Church, York.

Approximately 175 former members and friends attended the Saturday evening banquet in observance of Trinity Lutheran Church's 150th anniversary. Rev. Jacob Spangler, only living ministerial son, spoke, and greetings were also given by Rev. Harold R. Stoudt and Ira Lobaugh. The invocation was given by Charles Gentzler. A vocal solo by Mrs. Betty Butt Fiorello and piano solo by Gerald Mummert were given.

Miss Mae B. Wolf, church organist since 1919, was given a money tree. The final anniversary service was held Sunday morning with Rev. Dr. Lawrence Folkemer of the Gettysburg Seminary as the speaker. Altar flowers were presented in memory of Harold Shetter by his parents, Mr. and Mrs. George Shetter and family. The church council met Wednesday evening.

A Youth Choir, ages 12-16, is being organized by the choir director, Miss Mae B. Wolf. Anyone interested may call the director. Women interested in sewing one unit of the Dorcas project are asked to contact Mrs. Ray Fissel. When finished, 36 garments will be shipped to the

TWO BIG CITIES TO DECIDE ON SUNDAY SALES

PHILADELPHIA (AP) — Voters in Philadelphia and Pittsburgh will decide next week whether beer and liquor may be sold in their hotels on Sunday.

If the majority vote is yes on this referendum question in Tuesday's primary election, it will be the first such chink in Pennsylvania's Blue Laws since the Eighteenth Century.

In both cities the consensus seems to be that the proposal will pass, perhaps by a wide margin here.

HOTELMEN BACK IT

Hotel associations, tavern owners, and the hotel, motel and club employees union are back of it, and in some instances actively campaigning for it.

In Philadelphia, both the Democratic and Republican organizations have endorsed it in the belief that restricted Sunday sales in the hotels would be in the best interests of the city, economically and otherwise.

One Republican spokesman said "It'll carry—I'll bet on that."

A spokesman for the hotel men said Philadelphia loses at least \$5 million a year in conventions alone because of the blue law, "to say nothing of the visitors and others who desert the city over the weekend to spend it in more liberal and hospitable neighboring states."

SOME OPPOSITION

It would appear there is no major organized opposition campaigning vigorously against the proposal. In Philadelphia, the Lord's Day Alliance and some other religious groups oppose it. The Pittsburgh Council of Churches, a Protestant organization, came out against it in a statement.

A taxpayer's suit was taken to the State Supreme Court recently, challenging the validity of the petitions calling for the Philadelphia referendum. The court ruled they were sound, fully legal.

LOCAL OPTION VOTES

Under the proposal, both here and in Pittsburgh, properly licensed hotels would be permitted to sell beer and liquor from 1 to 10 p.m. on Sunday. But they could be sold then only if food and non-alcoholic drinks accounted for 55 per cent of the total business. This means that a hotel could not just keep a bar going strictly on its own for the allotted time.

A hotel association spokesman said hotelmen themselves imposed the restrictions as a safeguard against abuses.

The Pittsburgh Post-Gazette, in an editorial Tuesday, urged voters to approve the measure.

Local option elections will be held Tuesday in 57 boroughs or townships in 32 counties. Altogether, 79 separate questions, dealing with the retailing of beer or liquor, will be voted on in these places. Twenty-two will vote on the sale of both beer and liquor; 28 will vote only on liquor; and the other seven will vote only on beer licenses.

TO REPORT ON YOUTH CRIMES

WASHINGTON (AP) — President Kennedy today sends to Congress a message on juvenile delinquency, a national blight which costs the nation \$5 billion a year.

There was no advance word on that the President might propose, but he said in his State of the Union message that the problem demands "improved (law) enforcement and new legislative safeguards."

He also noted in his second news conference, however, that "this is a matter which goes to the responsibility of the private citizen."

PARENTS MUST DO IT

"The federal government cannot protect the standards of young boys and girls," he said. "The parents have to do it, in the first place. We (the government) can play only a very supplemental role and a marginal role."

On March 6, Kennedy asked Congress to give the Justice Department an extra \$1.6 million to step up its drive against organized crime and racketeering and to intensify the fight on juvenile delinquency.

DELAY SEATING OF LATE COMERS

The opening scene of "The Music Man" is considered of such importance that late comers to the Meredith Willson musical hit, starring Forrest Tucker, will not be seated until the scene is over. Evening performances begin promptly at 8:15 p.m., and matinees at 2:15 p.m.

"The Music Man" will be presented in the Hershey Community Theater for a six-day engagement, beginning Monday evening, May 15, with matinees on Wednesday and Saturday.

The scene is a coach on the Rock Island Railroad, circa 1912. It is a new NCAA pass receiving record with 66 catches.

lyrics, officially titled, "Rock Island," but better known, perhaps, by its most repeated line, "But He Doesn't Know The Territory."

Forrest Tucker is starred as Harold Hill, the personable con-man who tries to sell musical instruments and band uniforms to the citizens of River City, Iowa, hoping he can get out of town before they discover that he knows nothing about music. Joan Weidon as Marian, the librarian, Cliff Hall as Mayor Shinn, and Benny Baker as Marcellus Washburn head the roster of performers.

SEEM FILMS OF AL SHEPARD IN HIS CABIN

By GEOFFREY GOULD

WASHINGTON (AP) — The man's eyes darted from side to side. His chest heaved. His helmeted head bent forward to look through a porthole. A strap of his spacesuit waved in the air like a piece of seaweed.

This was Cmdr. Alan B. Shepard Jr., America's first astronaut, viewed by a movie camera inside his capsule as he rode 115 miles into space last Friday from Cape Canaveral, Fla.

The dramatic film was shown for the first time Wednesday before an audience of congressmen and many of their office workers who crowded into the House caucus room.

entry. Vertical lines of concentration appeared between his brows. His eyes flicked back and forth like those of a man trapped—but this was a deceptive impression because the film showed his movements four times faster than they actually occurred.

DUPLICATED TV

The first and last parts of the film, showing the Redstone rocket's liftoff and the landing at sea of the capsule, almost duplicated television coverage on the spot last Friday.

But the footage taken from inside during the flight gave the viewer some sense of what it is like to lie strapped in a tiny cabin fastened to the tip of a roaring, flame-spouting 83-foot missile.

Shepard's face sagged a bit under the force of up to 10 times normal gravity at liftoff and re-

entry. Vertical lines of concentration appeared between his brows.

His eyes flicked back and forth like those of a man trapped—but this was a deceptive impression because the film showed his movements four times faster than they actually occurred.

LIKE SILENT MOVIE

This gave it the appearance of an oldtime silent movie, with Shepard shown moving jerkily and much too fast. His arms reached out to touch switches and guidance controls. He bent forward abruptly to peer out of his porthole.

That was when he exclaimed "What a beautiful sight," the narrator said.

The strap waving in the air showed the period of weightlessness Shepard experienced for sev-

Students Get Chance In Real Election

SHAKER HEIGHTS, Ohio (AP) — Youngsters at Woodbury Junior High School are given a chance to participate in a realistic election as part of their citizenship training.

Dr. Donald A. Wesley of the Social Studies Department explained in a recent issue of the Ohio Education Association's magazine that there is a residence requirement (a month) for new students, permanent registration

eral minutes at the top of his ride.

As the capsule spiraled down to the sea at the end, sunlight repeatedly lit up the interior as the porthole rotated. This was according to plan.
